RECEPTION	WEDNESDAY	
YEAR 1	MONDAY	
YEAR 2	WEDNESDAY	
YEAR 3	MONDAY	WEDNESDAY
YEAR 4	WEDNESDAY	THURSDAY
YEAR 5	TUESDAY	
YEAR 6	TUESDAY	

OTHER ANNOUNCEMENTS

One Tree Charity non-uniform day.

Our newly elected school council have chosen to support the Just One Tree charity in raising money to help restore forests and fight climate change.

On Thursday 22nd October, we will be holding a non-uniform day at school and are encouraging children to wear green or other natural colours. However, please don't worry if your child doesn't have anything in these colours, as regular non-uniform clothing is absolutely fine.

Families are encouraged to make a £1 donation - every £1 received will result in one tree being planted in other parts of the world.

As we are unable to accept cash donations, all donations need to go directly to the charity via this link:

[Just One Tree giving page - Eaton Primary School Norwich](#)

Please do not bring any money to school. All donations should be directly through the link above to the charity, who will then inform us of how many trees can be planted as a result of your generosity. You can find out more about the work Just One Tree do by visiting their website - <https://www.justonetree.life/>

Parents Evening (10th and 12th November)

Parents' Evening bookings are open on Arbor and close on Tuesday 3rd November at 9am.

Please read the Parents' Evening letter sent on 09/10/26 for information on how to book and which teachers are available. After-school club is now full on both of these days - if you wish to be added to a waiting list then please email the School Office as soon as possible.

Duke Awards

If you wish to sign your child up for the Duke awards, please make payment on Arbor by Wednesday 4th November.

Pupil flu vaccinations - 12th November

Pupil flu vaccinations will be taking place in school on 12th November. Vaccination UK will be contacting parents directly regarding information on the school visit and how to opt your child in.

COMMUNITY
SPORTS
FOUNDATION

RUN EATON!

What an incredible RUN EATON!

Our pupils had an absolutely brilliant time taking part in RUN EATON yesterday! The field was bursting with energy, determination and huge smiles, with plenty of cheering, encouragement and support for every single runner.

We are so proud of all the children for giving it their all! Thanks to your generosity, we have raised a fantastic

£2,484.50!

A huge thank you to everyone who has made a donation!

Half of these funds will go directly towards our whole school trip to the panto in December. Together with the money raised through our class tea towel fundraiser, this will help lower the ticket and travel costs for all pupils! The other half will help support the work of the Norwich Community Sports Foundation, who help thousands of people every year achieve their goals through sport, and support some of the most disadvantaged, disabled people across East Anglia.

LEARNING AT EATON

YEAR 1

In Year 1 we have been reading 'I Want My Hat Back' about a bear on his search for a missing hat and a very naughty rabbit. The children then wrote their own version of this story called 'I Want My Friend Back'. They used lovely descriptive language as well as their knowledge of question marks.

I want my friend back
I will find Bear and
say sorry for stealing his
hat. I am sad I want my
friend Bear back.
Have you seen my friend Bear?
No I have been swimming in
a pond. OK. Thank you. I will
have you seen my friend

I want my friend back
I will go find Bear and
say sorry for stealing his hat.
Have you seen my
friend Bear? No I have been
digging. OK. Thank you
anyway. Have you seen my
friend Bear? I saw a bear

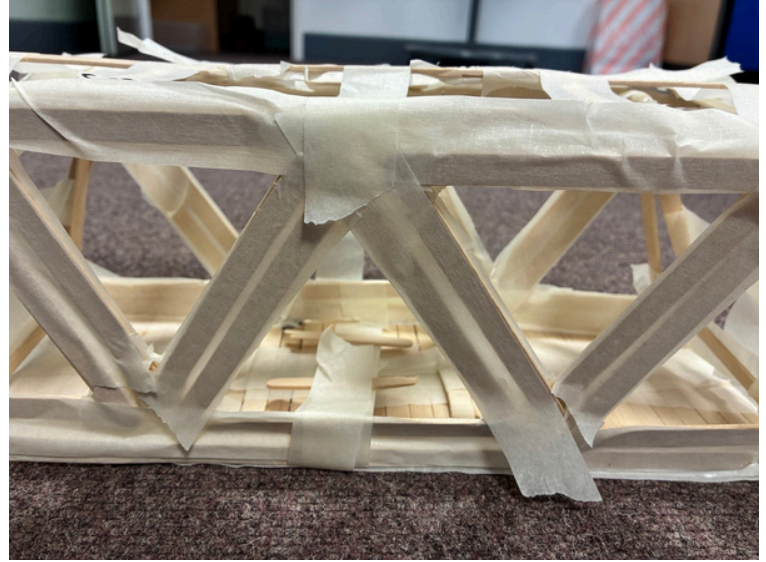

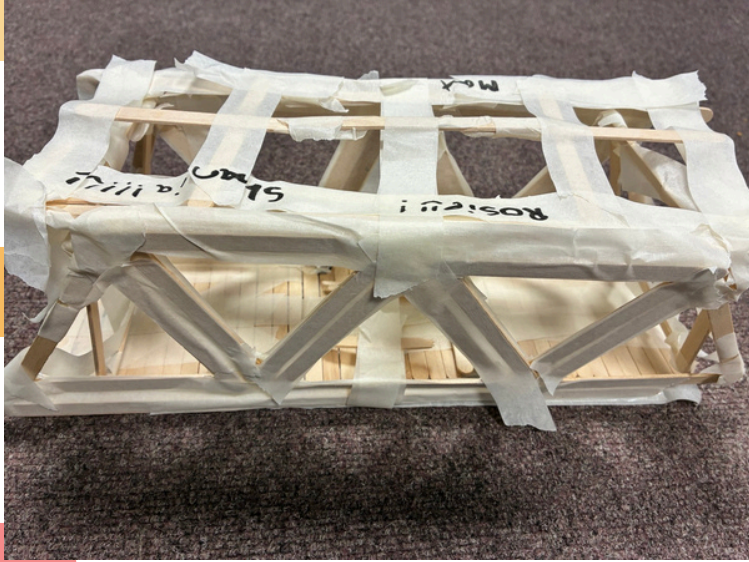

I am sad. I want Bear
back. I will find Bear.
Have you seen my
friend Bear?
No I was busy looking
for food or thank
you anyway. Have
you seen my friend Bear? I

In DT, the children created sliding mechanisms so a sea creature could jump out of their ocean scene.

YEAR 4

Year 4 have been exploring structures in Design and Technology, learning about what makes a structure strong and stable. Pupils investigated different shapes and experimented with how they could be formed to create the strongest structures.

They discovered that triangles are particularly strong and stable, before putting their learning into practice by designing and building their own truss structures.
